**RE: U.S. v. Daniel W. McElroy Et Al.
 Crim No. 04-10019-RGS**

Dear Mr. Levenson:

We are writing pursuant to Local Rule 116.3 and the Scheduling Order entered by Magistrate Judge Collings on April 6, 2005, to request that you provide the following information and documents. In accordance with Local Rule 116.3(H), we are setting forth issues of concern to all Defendants.

1. Provide all written or recorded oral statements made in response to interrogation by individual co-conspirators whom the government does not intend to call as witnesses at trial in this matter. See United States v. Medeov, 652 F. Supp. 371, 375 (D.D.C. 1987) (statements of co-conspirators whom the government does not intend to call as witness at trial are discoverable in advance under Fed. R.Crim.P. 16); United States v. Williams, 113 F.R.D. 177, 180-81 (D. Fla. 1986) (statements under Rule 16(a)(1)(A) should be interpreted to include statements made by co-conspirator that may be imputed to defendant if government does not intend to offer co-conspirator as witness at trial). We request that the government identify and provide any such statements.

2. While we appreciate that Local Rule 116.2(B)(2) provides for the production of certain categories of exculpatory information not later than twenty-one days before the trial date established by the Judge who will preside, under the principals articulated in United States v. Snell, 899 F.Supp. 17, 19-21 (D. Mass. 1995), we nonetheless specifically request disclosure of such information by no later than one hundred twenty (120) days before trial.

3. To the extent you intend to introduce any evidence of prior or subsequent "bad acts" of any of the defendants or any unindicted co-conspirator pursuant to Fed. R.Evid. 404(b), please provide a description of the conduct or incident which gives rise to each such "bad act," the names, addresses and dates of birth of witnesses to such "bad acts", the substance of their expected testimony, related documents and designation of the theory of admissibility.

While we recognize that Rule 404(b) evidence will generally be ordered by the court to be provided no later than twenty-one (21) days before trial, the circumstances of this case compel early production of such material. The government's production of hundreds of thousands of documents, without any guidance as to what the government considers relevant and material and in no discernable order, has unfairly curtailed our ability to review the government's production for Rule 404(b) evidence as is our usual practice during document review. Additionally, any Rule 404(b) evidence which does not apply to all defendants would likely raise serious severance issues and require ample time for potentially affected defendants to brief the issue. Consequently, we request that the government identify no later than one hundred twenty days (120) before trial any Rule 404(b) evidence which is may seek to offer into evidence at trial.

4. Identify, pursuant to Rule 12(b)(4)(B) of the F. Rules Crim. P., what documents and things, if any, the government plans to introduce from the execution of the search warrant in this case.

5. Identify the documents and materials the government has disclosed under Rule 16(a)(1)(C) that the government intends to introduce at trial.

6. Provide any oral promises, rewards or inducements offered to any government witness in connection with this case.

7. Provide documentation whether any government witness has received any money from any financial instrument (including but not limited to use of a credit card) or goods from the government or from any government agent, whether or not acting with government approval, in any way relating to their participation in this investigation.

8. Provide whether any government agent informed or promised any government witness that he/she would receive any portion of an Internal Revenue Service reward as a result of the prosecution of any tax count contained in the pending indictment.

9. Provide any applications for rewards that any government witness has submitted to the government in this case and provide all statements of any government agent or official relating to such application.

10. Provide all FBI 302 Reports, Internal Revenue Service ("IRS") investigatory and/or interview reports, and Insurance Fraud Bureau ("IFB") reports and interviews relating to this indictment and the grand jury transcripts from the investigation resulting in the indictment.

11. A written statement of the procedure utilized to insure that no privileged information was disclosed to the government in connection with the government's review of
